

Carrot FOCUS

Imperator / Cut & Peel

Viper

Viper was bred for higher density plant populations and maintains its long length (12-14 inches average) to maximize yield for two inch pieces. It is bright orange with a small, indistinctive core and incredible top strength with good stem attachment for easy harvesting. Viper provides a similarly terrific consumer experience, combining a great flavor profile and very crisp texture.

Imperator / Cut & Peel

Triton

This carrot is known for its superb taste and texture. Triton has strong tops that are erect and dark green in color. Its roots are nine to ten inches long and .5-1 inch in diameter. This carrot is medium-orange and quite cylindrical in shape with a semi-blunt tip. Plus, this is a true multi-use variety great for cut-n-peel, fresh and processing.

Cut & Peel

Zeus

This is an exciting cut & peel variety. Zeus is a nice-tasting carrot with good texture, size and shape. It has strong tops with medium, light green coloring. Zeus' roots are nine to eleven inches long, .5-1 inch in diameter with medium-orange color and are slightly tapered with a semi-blunt shape.

Imperator / Fresh / Cello

Olympus

Olympus is a cello-type that is outstanding for bunching. It has great color combined with a smooth finish. The taste is outstanding with a very crisp texture. Olympus is very uniform. Yield potential is high with this classy carrot.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
