

# MICROGREENS

Petite but powerful, microgreens are parading into restaurants, farmers markets, kitchens and homes across the county. They bring flavor, aroma, color and texture to all kinds of cuisine, adding a new layer of creative presentation to the plate. Grown indoors, microgreens are a great choice for fast crop turns and for filling the smallest (or largest!) spaces in off-season or alternative growing times.

Sakata Home Grown is proud to offer a customizable microgreen selection. Varieties cover a range of flavors, colors and textures and are available in multiple packaging sizes to best serve you and your customers. Contact us to help create a product line that is right for you.

**Laurentian** Rutabaga

**Seaside Spinach**

**Celebration** Swiss Chard

**Silverado** Swiss Chard

**White Lady** Turnip

# Microgreens

Variety	Class	Approximate Days to Harvest	Flavor/Texture Notes	Appearance Notes
<b>Astro*</b>	Arugula	20	Strong nutty flavor, would be a good garnish for bolder foods, wraps, and salads, delicate texture	Very tiny and delicate, uniform, thin leaves, pretty round shaped leaves
<b>Italian Large Leaf*</b>	Basil	varies	Full basil flavor in each little leaf, crunchy texture	Germination/maturity can be slow depending on growing conditions, small round leaves, sturdy stem, plants can be short
<b>Bull's Blood*</b>	Beet	18	Mild flavor, very crunchy	Red stem, green leaf with some red variegation, stems are short and leaves vary in size
<b>Chioggia Guardsmark*</b>	Beet	18	Tangy flavor, crunchy texture	Very long and narrow stem and leaves, bright green leaf, pink stem
<b>Falcon</b>	Beet	18	Full flavor is similar to that at the baby leaf stage, crunchy texture	Bright red stem, green leaf with a tinge of red, can be slow growing depending on conditions
<b>Fresh Start</b>	Beet	20	Very mild, would work well with mild cheeses and veggies when needed for color, good crunch, thick leaves	Deep red stem, dark green leaf with red accents, grows quickly, twisty stems
<b>Yuki</b>	Chinese Cabbage	18	Mild cabbage flavor, good crunch, best used with bolder foods	Quick and uniform emergence. Medium green heart shaped leaves, quick to grow third leaf, long white stem
<b>Santo*</b>	Coriander (Cilantro)	20	Medium cilantro flavor, delicate texture, great for any dish that uses cilantro, mix into milder salad greens, sprinkle over creamy dressings	Tall, large leaves, grows quickly, early 3rd leaf, unique shape, bright green
<b>Bouquet</b>	Dill	18	Very mild flavor and delicate texture	Very tall, slender leaves and stem, almost like grass, pale green, delicate appearance
<b>Improved Dwarf Siberian</b>	Kale	18	Mild, crunchy texture	Light green leaf and stem, stems are long
<b>Miz America</b>	Mustard	20	Mild mustard flavor, zingy, short-lived aftertaste, beautiful with poultry, potato or rice based dishes, very delicate texture	Great uniform emergence, deep color, quick to form 3rd leaf, interesting leaf shape
<b>Joi Choi</b>	Pak Choi	18	Mild cabbage flavor, crunchy and crisp	Long straight stems, bright green, heart shaped leaves. Quick and uniform growth, bright green leaves
<b>Stargazer</b>	Radish	15	Slightly peppery, good radish flavor, very clean taste, no aftertaste, very crunchy	Medium green, rounded leaf, slight pink tinge, white stem
<b>Laurentian</b>	Rutabaga	17	Very mild, slight brassica flavor, nice crunch	Light green, heart shaped leaves, white stem, very tender
<b>Seaside</b>	Spinach	20	Great, medium spinach flavor, medium texture	Long thin leaves, good deep color, germination can be slow in colder conditions
<b>Celebration</b>	Swiss Chard	18	Mild flavor, slightly crunchy	Beautiful multi-color stems; white, red, yellow, pink, peach. Leaves are all green, stems tend to bend
<b>Silverado*</b>	Swiss Chard	18	Slightly sweet, nice crunch	Pale green leaves, white stem
<b>White Lady</b>	Turnip	18	Nice mild flavor, good firm texture	Large full heart shaped leaves, quick to form third leaf, sturdy stem, bright green leaf and stem
