

Beet FOCUS

Mature

Falcon (Hybrid)

Falcon is an excellent choice for growers looking for a heat tolerant beet variety. It is a moderate to fast growing variety that forms a large blocky root. It has medium dark red exterior and interior color. It has a nice small tap root and a medium crown attachment. Falcon can be used for processors, fresh market growers, and home gardeners.

- Heat tolerant – perfect for hotter growing conditions
- Vigorous growing
- Large blocky-shaped roots
- Medium tall, upright plant habit

Variety	Type	Days to Maturity*	Interior Color / Root Shape	Crown & Tap Root Size	Top Height	Leaf Color	Disease Resistance	Uses & Remarks
Falcon	Mature	80-85	Deep red / blocky	Medium	Tall	Green		Falcon is an excellent choice for growers looking for a heat tolerant beet variety.

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease code: Cb - Cercospora leaf spot, Ptb - Downy mildew, Rs - Rhizoctonia.

* Days to Relative Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

☉ = Open Pollinated.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
