

# Beet FOCUS

Baby Leaf / Mature

## Early Wonder Tall Top

Early Wonder Tall Top is an early–mid maturing beet variety. It has red top-shaped roots with medium sized crowns and tap roots. Early Wonder Tall Top has strong, green tops that result in easy harvesting. Its uses include: processing, fresh market, home garden, or tops for baby leaf markets.

- Nice large top-shaped roots
- Strong tall tops
- Perfect for fresh market or home gardeners

Variety	Type	Days to Maturity*	Interior Color / Root Shape	Crown & Tap Root Size	Top Height	Leaf Color	Disease Resistance	Uses & Remarks
Early Wonder Tall Top 	Baby Leaf / Mature	25-35 / 90-95	Bright red / top	Medium-large	Tall	Green		A staple variety among home gardeners and great for fresh markets.

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease code: Cb - Cercospora leaf spot, Ptb - Downy mildew, Rs - Rhizoctonia.

\* Days to Relative Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

 = Open Pollinated.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
