

Pak Choi FOCUS

Shanghai

Feng Qing Choi (Hybrid)

Feng Qing Choi is a slow bolting Mei Qing Choi type with good plant size and a dark leaf color. This variety has excellent holding ability and uniformity.

- Good uniformity
- Excellent holding ability
- Tight vase-like shape

Variety	Type	Days to Maturity from Direct Seed*	Habit	Head Characteristics	Bolt Resistance	Uses & Remarks
Feng Qing Choi	Shanghai	Extra early / 35-40	Upright, compact	Green petiole, tight vase	Very high	Good uniformity, slower bolting than Mei Qing Choi with nice green leaf color.

* Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
