

Pepper FOCUS

Bell

Double Up (Hybrid)

Double Up is a popular green-to-red bell pepper known for dependable performance in most Western U.S. growing regions, as well as Mexico and Central America. It offers early-mid maturity with high yields of quality fruit. Double Up has high resistance to TMV: 0 and Xcv: 0-3, 5, 7, 8.

- Dependable performer for multiple seasons

| Variety | Type | Relative Maturity* | Fruit Size / Shape | Fruit Color | Plant Habit | Disease Resistance | Uses & Remarks |
|-----------|------|--------------------|----------------------|--------------|--------------------------|--------------------------------|--|
| Double Up | Bell | Mid-early | Large to XL / blocky | Green to red | Medium-large, good cover | HR: TMV: 0 / Xcv: 0-3, 5, 7, 8 | Great performer for multiple seasons with excellent yield potential. |

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease abbreviation code: Mi - Nematode, Pc - Phytophthora root rot, PMMoV - Pepper mild mottle, PVY - Potato Y, Rs - Bacterial wilt, TEV - Tobacco etch, TMV - Tobacco mosaic, TSWV - Tomato spotted wilt, Xcv - Bacterial spot.

* Days to Relative Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
