

# Broccoli FOCUS

Fresh

## Arcadia (Hybrid)

Arcadia is a widely-adapted variety. It has similar maturity to Marathon with large heads, small to medium bead size and medium stem. This variety has good tolerance to hollow core. Arcadia is suited for fresh-market bunching, florets and freezer markets.

- Wide seasonal adaptability
- Holds well
- Fresh market

Variety	Days to Maturity from Direct Seed*	Plant Height	Head Color	Head Characteristics	Bead Size	Disease Resistance	Uses & Remarks
Arcadia	95	Tall	Green	Domed	Medium-small		Wide seasonal adaptability. Holds well.

Disease terminology: IR = Intermediate Resistance. Disease code: Hb - Downy mildew, Pb - Club root.

\* The days to maturity are calculated as an average of fall harvest dates for direct seeded broccoli in Salinas, CA. Some sowing dates may result in earlier or later maturity. Overwinter production can add over 20 days to the numbers listed.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
