

Radish FOCUS

Fresh / Specialty

Icicle Short Top

Popular for bunching and home garden use, Icicle Short Top is a four to six-inch tubular, white radish with mild flavor. Adapted for use in a wide range of soil types and geographic regions, Icicle Short Top is uniform and vigorous.

- Mild flavor

Variety	Type	Days to Maturity from Direct Seed*	Top Length	Root Characteristics	Uses & Remarks
Icicle Short Top	Fresh / Specialty	29	Tall	Elongated tapered, white	Mild flavor. Popular for both home garden and fresh market.

☉ = Open Pollinated. * Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
