

# Spinach **FOCUS**

**Baby Leaf / Multi**

## Alexandra (Hybrid)

Alexandra is a fast-growing baby leaf variety that is well suited for late fall or early spring plantings. It has uniform, dark green, smooth, spade-shaped leaves. It is a slow bolting variety with an upright plant habit. This variety can be used in various markets such as baby leaf, bunch and clip markets. Alexandra has a high downy mildew resistance package.

- Upright plant habit
- Can be used for baby leaf and fresh market (clip or bunch)
- Fast growing

Variety	Type	Days to Maturity from Direct Seed*	Plant Type / Leaf Shape	Leaf Color	Bolting Resistance	Disease Resistance	Uses & Remarks
Alexandra	Baby Leaf / Multi	20-25	Upright / smooth, spade	Dark green	High	HR: Pfs: 1-11, 13, 15, 16	Can be used for baby leaf and fresh market (clip or bunch)

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease code: Ao - White Rust, Pfs - Downy mildew.

\* Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
