

Squash **FOCUS**

Zucchini

Fiesta (Hybrid)

Fiesta offers spineless petioles, which produce outstanding yields with minimal harvest damage. The open plant habit allows for ease of harvest for the uniformly shaped and sized fruit.

- Spineless for easy harvest and little fruit damage
- High yield potential

Variety	Type	Days to Maturity from Direct Seed*	Fruit Shape	Size / Weight	Skin Characteristics	Plant Habit	Uses & Remarks
Fiesta	Zucchini	45	Cylindrical	7 x 2"	Very dark green	Large, open	Spineless for easy harvest and little fruit damage. High yield potential. Very dark colored fruit.

OP = Open Pollinated. * Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
