

Watermelon FOCUS

Pollenizer

Wild Card (Hybrid)

Wild Card is a non-harvested pollenizer for the production of seedless watermelon. It has early and prolific male flowers to ensure maximum yield potential of triploid hybrids throughout the period of full flowering. Wild Card has long and thin vines which reach out and cover larger areas for better pollination. Small fruits have a tiger-striped rind pattern which differs from most of the commercial triploid hybrids.

- Early pollen source – Non-harvestable
- For use with seedless production

Variety	Type	Days to Maturity from Transplant*	Size / Shape	Rind Characteristics	Interior Color	Disease Resistance	Uses & Remarks
Wild Card	Pollenizer / Non-Harvestable	–	Round oval	Light green background with medium green veins	Yellow		Small fruits have a tiger-striped rind pattern which differs from most of the commercial triploid hybrids.

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease code: Co - Anthracnose, Fon - Fusarium wilt.

* Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Triploid hybrid watermelon varieties will on occasion produce empty white seed coats or hard, dark undeveloped seeds and, therefore, are not warranted to be completely "seedless". Statements concerning the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct, indirect, or consequential, that may arise from any cause. Read all seed package labeling carefully to understand the terms and conditions of sale.
