

Cabbage FOCUS

Savoy / Green / Semi-flat

Savoy King (Hybrid)

This variety is an outstanding, very popular, second-early, savoy-type hybrid. Under mild climates, Savoy King may be sown in spring, summer and autumn. It is a large headed, heavy yielder offering semi-flat, short-cored and nicely textured heads which are excellent for fresh-market usage. Savoy King is also an AAS Award Winner.

- Excellent yields
- Attractive fresh-market savoy type

| Variety | Type | Relative Maturity* | Use | Head Color | Head Size | Disease Resistance | Uses & Remarks |
|------------|---------------------------|--------------------|-------|------------|--------------|--------------------|--|
| Savoy King | Savoy / Green / Semi-flat | Mid | Fresh | Green | Medium-large | | Excellent yields. Attractive savoy type. |

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease code: Foc - Fusarium yellows, TpB - Tip burn.

* Relative Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
