

Collard FOCUS

Multi-use

Vates

Vates is a widely adaptable variety that has smooth medium green leaves and an upright plant habit for easy harvesting. Vates offers good yields for fresh market or home gardeners.

- Widely adapted
- Durable
- High yield potential

| Variety | Type | Days to Maturity from Direct Seed* | Plant Habit | Leaf Characteristics | Bolt Resistance | Uses & Remarks |
|---|-------|------------------------------------|--------------|----------------------|-----------------|--|
| Vates  | Vates | 75-80 | Semi-upright | Smooth | High | Medium green leaf color. Semi-upright plant habit. |

 = Open Pollinated. * Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
