

Spinach **FOCUS**

Mature

Imperial Beach (Hybrid)

Imperial Beach is a dark green bunch spinach variety. It has an Asian leaf type that is smooth with lobbing. It is a very uniform variety for leaf shape and size. It has an upright plant habit making it easy to harvest. Imperial Beach has flexible but strong petioles resulting in less stem breakage. It is a fast-growing variety.

- Flexible but strong petioles
- Upright plant habit
- Fast-growing variety

Variety	Type	Days to Maturity from Direct Seed*	Plant Type / Leaf Shape	Leaf Color	Bolting Resistance	Disease Resistance	Uses & Remarks
Imperial Beach	Mature	35-40	Upright / Asian, heavily-lobbed, smooth	Dark green		HR: Pfs: 1-11, 13, 15, 16	Imperial Beach has flexible but strong petioles resulting in less stem breakage. It is a fast-growing variety.

Disease terminology: HR = High Resistance, IR = Intermediate Resistance. Disease code: Ao - White Rust, Pfs - Downy mildew.

* Days to Maturity are an approximation and may fluctuate due to varying planting times, location and conditions.

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
